The screenshot illustrates the 'Manage Other Profiles' process in the IHMCU digital banking interface. It is divided into several sections:

- Navigation:** A top navigation bar contains a person icon, which is highlighted with a red box. A sidebar on the left lists various options, with 'Manage Other Profiles' highlighted by a red box and a hand cursor.
- Manage Other Profiles Page:** The main heading is 'Manage Other Profiles'. Below it, a section titled 'Manually Added Profiles' includes the text 'Have multiple accounts? Add them here to enable quick account switching.' A blue 'Add Profile' button is highlighted with a red box and a hand cursor.
- Verify Your Identity:** This section prompts the user to verify their identity. It contains three input fields: 'Username', 'Password', and 'Verification Method'. The 'Verification Method' dropdown menu is highlighted with a red box and has 'Email' selected. An 'Email' field to the right contains '****n@ihmvcu.org'. Below these fields are two pairs of buttons: 'Continue' and 'Cancel' (with a hand cursor on 'Continue'), and 'Next' and 'Cancel' (with a hand cursor on 'Next').
- Profile List:** At the bottom, a text block explains that the listed profiles may belong to the user or other users and that accounts marked 'Update Credentials' require re-authentication. Below this text is a list of profiles, with the first profile card highlighted by a red box and a hand cursor. To the right of the list is a person icon and a dropdown arrow, both highlighted with red boxes.
