

In case of errors or questions about EFTs, telephone us at 309-793-6200 and send a written notice to P.O. Box 1010, Moline, IL 61266-1010. We must hear from you no later than sixty (60) days after we sent the first statement on which the problem appears. In your notice:

- Tell us your name and account number.
- Describe the transfer you are unsure about, and explain as clearly as you can why you believe it is an error or why you need more information.
- Tell us the dollar amount of the suspected error.

If you tell us verbally, we may require that you send us your complaint or question in writing within ten (10) business days. We will tell you the results of our investigation within ten (10) business days after we hear from you and will correct any error promptly. For errors related to transactions occurring within thirty (30) days after the first deposit to the account (new accounts), we will tell you the results of our investigation within twenty (20) business days. If we need more time, however, we may take up to forty-five (45) days to investigate your complaint or question (ninety (90) days for POS (point of sale) transaction errors, new account transaction errors, or errors involving transactions initiated outside the United States). If we decide to do this, we will recredit the account within ten (10) business days (five (5) business days for Visa Debit Card transactions) for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. If we ask you to put your complaint or question in writing and we do not receive it within ten (10) business days, we may not recredit the account.

If we decide after our investigation that an error did not occur, we will deliver or mail to you an explanation of our findings within three (3) business days after the conclusion of our investigation. If you request, we will provide you copies of documents (to the extent possible without violating other members' rights to privacy) used in our conclusion that the error did not occur.
