*Must deposit \$10 or more per month to earn qualified rate. Otherwise non-qualifying rate will apply. Qualified rate paid on balances up to \$500. Balances over \$500 will earn non-qualified rate. Retail accounts only. No commercial or institutional funds permitted.

**Must meet monthly requirements to earn qualified rate and ATM fee refunds (up to \$25 per month). Otherwise non-qualifying rate will apply. Qualified rate paid on balances up to \$25,000. Balances over \$25,000 will earn non-qualified rate. Retail accounts only. No commercial or institutional funds permitted. Qualifications details will appear on statement. Benefits will be available the first of the month following sign-up. Debit card transactions must be processed by IHMVCU by the last business day of the month to qualify for that month's requirement; otherwise they roll over to the next month.

Explanation of Rates & Service Charges

As explained in the MSA, Our Rates & Service Charges disclosure applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change quarterly as determined by the Board of Directors. Share savings, money market accounts, and Checking Plus accounts are Tiered Rate Accounts. For Auto Savers and Checking Plus accounts, the Dividend Rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. For other tiered rate accounts, the Dividend Rate for a particular tier will apply to the portion of the account balance that is within the balance range for that tier.

The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield set forth above are the rates and yields for the last dividend period as set forth above.

3. Compounding and Crediting

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to the account. If you close the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all dividend bearing accounts, dividends are calculated by using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The Average Daily Balance

is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

6. Account Limitations

For all accounts except regular share accounts and checking accounts, no more than six preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month, and no more than three of these six transfers may be made by check, draft, or debit card to a third party.

7. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate Account.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

i. Amount of Penalty. The amount of the early withdrawal penalty is 60 days dividends calculated on the amount withdrawn if the certificate term is one year or less, and 120 days dividends on the amount withdrawn if the certificate term is more than one year.

ii. How the Penalty Works. The penalty is calculated as a forfeiture of part of the interest that has been earned at the nominal interest rate on the account.

iii. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies, or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy

Automatically Renewable Time Accounts: These accounts will automatically renew at maturity. You will have 10 (ten) days after the maturity date to withdraw funds without penalty.

Non-Automatically Renewable Time Accounts: These accounts will not renew automatically at maturity. If you do not renew the account, your deposit will be placed in an interest-bearing account.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.
