

Our Business Rates & Service Charges

P.O. Box 1010
Moline, IL 61266-1010
309-793-6200
IHMVCU.org

“Our Business Rates & Service Charges” explains current terms, rates and service charges applicable to the savings, checking and certificate accounts we offer. We may offer other rates and require other service charges or amend the rates and service charges, as explained in this disclosure, from time to time. Each owner on an account agrees to the terms described in this disclosure and acknowledges that it is a part of the of the Business Service Agreement.

Interest on Lawyer Trust Account (IOLTA) Checking	0.05%	0.05%	n/a	n/a	--	Monthly	Monthly

*The Average Daily Balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

Explanation of Rates & Service Charges

Except as specifically described, the following disclosures apply to all of the accounts:

1. Rate Information

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Board of Directors. Share savings, money market accounts, and Checking Plus accounts are Tiered Rate Accounts. For Checking Plus accounts, the Dividend Rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. For other tiered rate accounts, the Dividend Rate for a particular tier will apply to the portion of your account balance that is within the balance range for that tier.

The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield set forth above are the rates and yields for the last dividend period as set forth above.

3. Compounding and Crediting

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account. For accounts other than Certificate accounts, if you close the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all dividend bearing accounts, dividends are calculated by using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The Average Daily Balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

6. Account Limitations

a. Mega Money Market Accounts

You may not make more than six (6) covered transactions per month. Covered transactions are any withdrawals or transfers including in-person withdrawals, telephone transfers, ATM

withdrawals, checks, transfers initiated through online banking or mobile banking, ACH transfers, merchant point of sale transactions, preauthorized or automatic transfers, and overdraft protection transfers. Internal transfers of earned dividends into another account you have with us are not covered by this limit. The date we use to determine the number of transactions is the date a transaction is posted to (actually credited to or debited from) an account, rather than the date you initiate the transaction. If you exceed this limit, we may refuse or reverse the transaction, and we may impose a service charge as specified in the listing of service charges provided below. If you repeatedly exceed this limit, we may terminate the account.

7. Certificate Account Features

a. Account Limitations

After your account is opened, you may not make additional deposits to a Certificate account. A Bump Up certificate account may not be used as collateral for a loan.

b. Maturity

Your Certificate account will mature on the maturity date set forth on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of your Certificate account before the maturity date.

1) Amount of Penalty. The amount of the early withdrawal penalty is 60 days dividends calculated on the amount withdrawn if the certificate term is one year or less, and 120 days dividends on the amount withdrawn if the certificate term is more than one year.

2) How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned at the nominal dividend rate on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividend has already been paid, the penalty will be deducted from the principal.

3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy

With the exception of promotional certificates, all certificate accounts will automatically renew at maturity. "Bump up" certificate accounts will renew for the same term but renewal terms will not include the "bump up" feature. For promotional certificate accounts, please refer to the disclosure provided at time of account opening to determine whether the account renews automatically or not. If the promotional certificate does not renew, funds will be transferred to another account you have with us. You will have 10 (ten) days after the maturity date to withdraw funds without penalty.

e. Nontransferable/Nonnegotiable

Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

f. Bump Rate Option

For Bump Up certificate accounts, you may choose to increase or “bump” the dividend rate and Annual Percentage Yield once during the initial term of the certificate. The increased rate will be our advertised rate for certificates of the same term as your certificate at the time you notify us that you wish to increase the rate. The new rate will become effective within three business days after we receive your notice, and will not apply retroactively, but will apply for the remaining term of the certificate. Exercising the “bump” option does not extend the term of the certificate. You may only exercise this “bump” option once during the term of the certificate.

Our Business Service Charges

Checking

Monthly service fee	None
Cost of checks	Varies by style ¹
Check copy	
Through CU	
1st copy	Free
Additional copies	\$2/check ¹

¹ May be subject to Iowa sales tax.

² An NSF fee is charged each time an item is presented against insufficient funds. The payee (or the payee's institution) may re-present a previously returned item. Each presentation against insufficient funds will result in a separate fee.

³ For transactions done at ATMs not owned by IHMVCU, you'll be assessed a service charge for each transaction you initiate. If you initiate multiple transactions based on a single entry of your PIN or a single card swipe you will be assessed multiple fees.

⁴ This fee applies to any debit card transaction made at a location in a foreign country, or payable to a merchant located in a foreign country even if you initiate the transaction from within the United States.

⁵ See "Explanation of Rates & Service Charges".

⁶ The Average Daily Balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.
