

Business Rate & Fee Disclosures

P.O. Box 1010 Moline, IL 61266-1010
309-793-6200 | IHMVCU.org

This Rate & Fee Disclosure explains current terms, rates, fees, and charges applicable to business savings, checking, and certificate accounts. We may offer other rates and fees or amend the rates and fees contained in this schedule from time to time. Each account holder agrees to the terms described in this disclosure and acknowledges that it's a part of the Business Member Service Agreement.

Interest on Lawyer Trust Account (IOLTA)	0.25%	0.25%	n/a	--	n/a	Monthly	Monthly

Truth in Savings Disclosures

Except as specifically described, the following disclosures apply to all of the accounts:

1. Rate Information

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. For all accounts except certificates, the Dividend Rate and Annual Percentage Yield may change quarterly as determined by the Board of Directors. Share savings, money market accounts, and Checking Plus accounts are Tiered Rate Accounts. For Checking Plus accounts, the Dividend Rate for a particular tier will apply to the entire account balance if the account balance is within the balance range for that tier. For other tiered rate accounts, the Dividend Rate for a particular tier will apply to the portion of your account balance that is within the balance range for that tier.

The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield set forth above are the rates and yields for the last dividend period as set forth above.

3. Compounding and Crediting

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account and earn the stated Annual Percentage Yield is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all dividend bearing accounts, dividends are calculated by using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The Average Daily Balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

6. Account Limitations

For all accounts except checking accounts, no more than six preauthorized, automatic, or telephone transfers may be made from these accounts to another account of yours or to a third party in any month, and no more than three of these six transfers may be made by check, draft, or debit card to a third party. If you exceed these limitations, your account may be subject to a fee or be closed.

7. Certificate Account Features

a. Account Limitations.

After your account is opened, you may not make additional deposits to a Certificate account.

b. Maturity.

Your Certificate account will mature on the maturity date set forth on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty.

We may impose a penalty if you withdraw any of the principal of your Certificate account before the maturity date.

i. Amount of Penalty. The amount of the early withdrawal penalty is 60 days dividends calculated on the amount withdrawn if the certificate term is one year or less, and 120 days dividends on the amount withdrawn if the certificate term is more than one year.

ii. How the Penalty Works. The penalty is calculated as a forfeiture of part of the interest that has been earned at the nominal interest rate on the account.

iii. Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy.

Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. You have a grace period of ten days after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

e. Nontransferable/Nonnegotiable.

Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

Business Fee Schedule

Checking

Monthly service fee	None
Cost of checks.....	Varies by style
